Thank you Rod. I'd like to report to you an incident that occurred yesterday during collection. The driver informed Jug if the cans (our side) 17 units are not placed 3 feet apart as required he will NOT pick up. It is not his job to have to get out and space them. We certainly can understand his frustration with this but in order to leave them down at the end of the road where we told to put them it doesn't give us enough room to place them appropriately. So 2 weeks from now we will ensure cans are 3 feet apart and string them up the road ensuring not to block owner's driveways. That then fits the criteria. I'd like to be assured then that the garbage/compost will be picked up for all owners as it will involve his backing a lot further up the road. He also told Jug that there will be no curbside pick up until the road is totally complete, no less than 2 years but possibly more.

Many thanks,
 Terri

Hi Rod, Happy New Year. I'm wondering if there are any updates re: garbage pick up for our strata. I know that Corey and Wayne took a tour up the same day I spoke to

you by phone thank you for that. After a couple weeks I checked in at Public works but Corey wasn't there so I left a message to give me a call. Still no call from him. Trevor was there but he didn't have any info for me either. Between the storm, the holidays and the repairs it has been a crazy time for all. I have a council meeting next week and would like to give some type of update if possible.

Thanks,
Terri Kalar
